The Arizona Geographic Alliance is planning an exciting K-12 professional development opportunity. This one-day event (8:00 AM - 3:30 PM) will focus on lesson plan presentations by AzGA Teacher Consultants and will be packed with insight on easily incorporating geography into your classroom.

- The Geography Awareness Week theme of Fresh water will be a featured strand.
- First time for Arizona teachers! A new Arizona Atlas for students.
- First time in Arizona classrooms! What is the GeoHistogram? Learn about a new tool to help your students learn and remember inter-related history and geography.
- Sessions for all grade levels.

Who should attend? Any Arizona K-12 teaching professional who wants to learn more about teaching geography as an integrated subject with history and other subjects such as science and language arts.

Why should you take part?
- Increase your geographical/historical knowledge and skills.
- Network with teachers from around the city and state.
- Gain new lesson plans that can be implemented on Monday.
- Discover new teaching resources and receive CD of conference lessons and resources.

Agenda
- 8:00 - 8:30 Registration & Exhibitor time
- 8:30 - 12:00 Concurrent sessions
- Noon – 12:50 Lunch (provided) and Exhibitor time
- 12:50 - 2:50 Concurrent sessions
